When you visit the Practice, it is very important that you feel safe in telling your physician personal information that may be required to fully diagnose or treat a problem. The Practice has strict policies and procedures to protect the confidentiality of the information that you have entrusted to us. The Health Insurance Portability and Accountability Act (“HIPAA”) rules require that the Practice provide all of our patients with the attached Notice of Privacy Practices on their first visit. The Notice describes how the medical information we receive from you may be used or disclosed by the Practice and your rights related to your access to this information.

Please sign below that we have provided you with a copy of our Notice to review. If you have any questions about our Privacy Practices, please feel free to contact our Privacy Officer. Thank you for your cooperation.

Please Tell Us How to Contact You to Discuss Your Medical Care

It is our policy to not release a patient’s confidential and/or unauthorized information by telephone or voice mail except for appointment confirmation. Whenever returning phone calls, we do not leave a message in voice mail if the name or telephone number is not on the recorded message to identify the residence. Information will not be left with an unauthorized person who may answer the telephone. If you would like to have information released to someone other than yourself, please complete the following:

I authorize the Holland Eye Center, P.C. to contact or leave medical information pertaining to my care by the following methods and will assume responsibility to notify the Practice, in writing, whenever this information changes. You will be asked to update this information every 12 months from the date below.

Refraction \$65.00

The refraction is the portion of the exam that measures your ability to see an object at a specific distance. From the exam chair you will look through a phoropter toward an eye chart. The phoropter contains lenses of different strengths and types that can be moved into view. Our technicians and doctor will ask you which view is clearer as they place different lenses in front of the eye (“number one or number two”). When you can read the chart the clearest, the technician or doctor will make note of the lenses used. This process takes time and patience due to the interaction required for the most accurate outcome.

You will be charged the \$65.00 fee at the time of service if you need a new glasses or contact lens prescription. Refractions are a non-covered service under the Medicare program. Other insurance and secondary plans may vary depending on your individual benefit coverage. In our experience, unless you have routine vision coverage, they will not cover the cost of the refraction. This fee is due at time of service.

Copays and Deductibles

All copays and deductibles will be collected at the time of service. If you are unable to pay your copay or deductible, please let the front office staff know and they can assist you with rescheduling your appointment.

No Show Policy \$50.00

To better care for our patients we ask that you please call our office if you are unable to make your scheduled appointment. If you are a no show for your appointment and do not call to cancel prior to your appointment your account will be charged a \$50.00 no show fee.
